

Run **KGpsCe** from  
your PDA

“**KGpsCe**” program can be  
found on the GPS CD

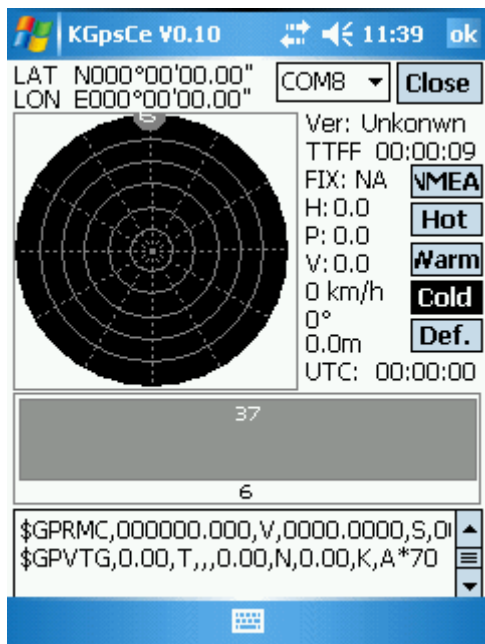

Select the  
**COM PORT**

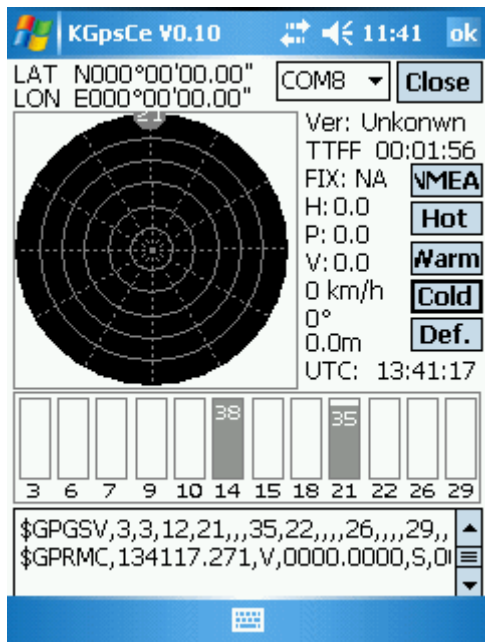

Select your PDA's  
**Bluetooth**  
**Protocol COM Port**  
then tap  
**OPEN**

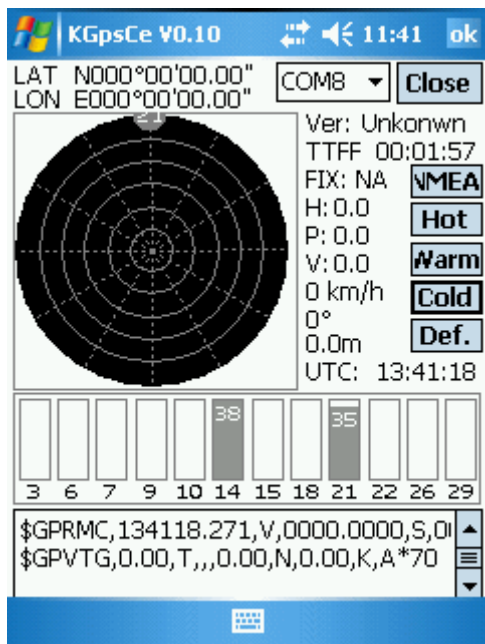

After that, tap  
**COLD**

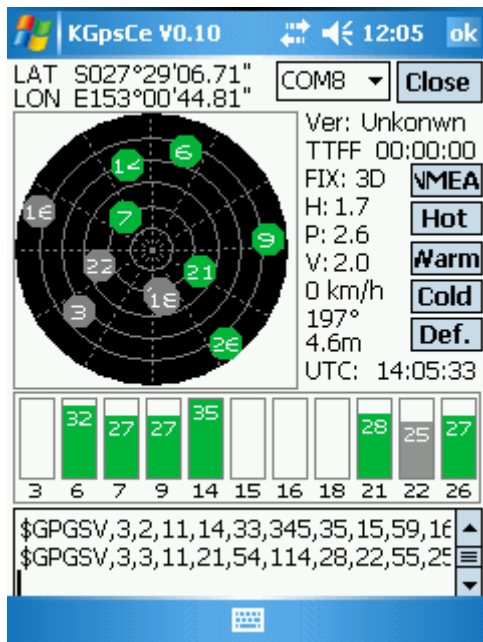

GPS is now

**COLD STARTING**

**CONNECTING ALL  
THE SATELLITES**

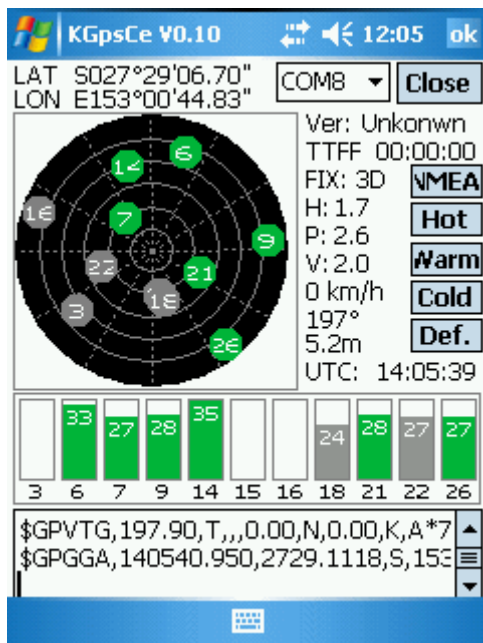

FIX: NA (Collecting)

FIX: 2D (Weak Signal)

FIX: 3D (Finish!!)

**COLD START**

**FINSIH!**

**IMPORTANT:**

**COLD START** is most efficient under good weather condition and in open area without eminent obstruction.
